Hall's Family Pills are the best.

Once in awhile is expressed the opinion that the public demands too much from the man who happens to have achieved eminence along any particular line. Lippincott's Magazine has added its voice to the protest that has been raised. It says: "There is a growing, if unexpressed, belief pervading every sphere of our social structure that as the state is entitled to levy a tax upon its citizens in exchange for the comforts secured by them while living under its protection, so is the community entitled to tax every citizen who has achieved intellectual distinction, in exchange for such benefits as he may derive therefrom. This view is no doubt correct, but taxation is recognized as legitimate only in so far as it is kept within just limits, and today an individual's talents are as grudgingly admitted to be his own as is his wealth. No sooner does a man display a capacity above that of the average than he becomes a target for the steady and diversified demands of his fellow-citizens. Here a dignified and deeply learned Shakespearean scholar is dragged out of his retreat to read for the benefit of a school of art needwork—and he may deem himself fortunate if a preface extolling the school's achieve-

ment is not also exacted of his good nature—there a former ambassador is torn from his distant western haunts and gently but firmly brought to an eastern church hall to talk about the Spanish war to an audience of messenger boys. Nor does it make much difference if he knows but little of Spain and if his career has led him exclusively through paths of peace. He is a personage. The Spanish war is the topic of the day. The people wish to see and hear him; it becomes a public duty. He must pay the tax levied upon his prominence. Indeed, little discrimination is made by the new tyrant as to his victim's qualification for the task imposed upon him. Whether he is a savant, a litterateur, a statesman, an actor, a journalist or a diplomat, every man of note, unless he consistently surrounds himself with a frigid atmosphere of chilling selfishness, will sooner or later find himself a slave." There is no doubt much truth in the foregoing observations, but we cannot but wonder if the aforesaid savant, litterateur or what not does not rather like the attention than otherwise.

## BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample.

## THE DRAUGHT'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Draught's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.

I have used The Draught's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints.

Rev. A. G. LEWIS.
